MADE IN GERMANY

The Gharieni Group, headquartered in Germany, designs and manufactures high end spa furnishings and fixtures including tables, beds, and professional equipment. For over 25 years, the company has developed innovative designs with utmost functionality using only high quality materials and offering customized, flexible solutions to the design process. Made in Germany and sold in over 70 countries worldwide. The Gharieni Group makes spa designs that are luxurious yet functional.

Made in Germany

The Gharieni Group values quality above all and has undergone rigorous certification to obtain the "Made in Germany" label. We source our materials locally and ensure that we can guarantee the origin of each and every element used in our manufacturing process. This also extends to the Quality control process which is exacting and precise. Since 2012, we have been labeled with the TÜV NORD certification, a highly lengthy and select process. For over 10 years, we are ISO 9001 and ISO 13485 compliant as well. These prestigious labels certify the quality of the work that we do for you.

For treatment beds and
multifunction treatment units.

Design your space!

The Gharieni offers a custom approach to its designs so that you can participate and guide the design process according to your individual needs and requirements.

Designed in an elegant, functional way, you can specify and configure your tables and equipment according to your interior decor and personal taste.

The MLW F1 has more than 50 options, both in glossy and matte and even is available in RAL colour for metal. The extra soft upholstery also has an array of choices to match the table base, ranging from white to vanilla, beige, choco, macchiato or black. The base can also be fitted with LED lighting, in the colour of your choice, to illuminate the base and surrounding floor area.

Additional furniture can also be customized to your design palette to coordinate seamlessly to your decor and surroundings.

5 in 1 - PEDICURE | MANICURE | FACIAL | HAIR CARE | MAKE-UP

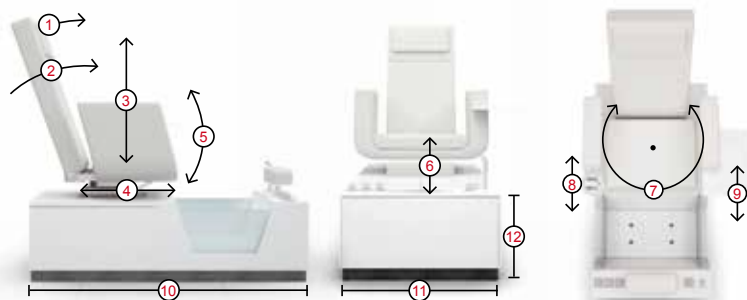

Gharieni PediSpa Square

The first of its kind, this multi-functional powered bed is truly unique and innovative in its design. 5 actuators allow multi use functions: pedicures; manicures; hair services with removable headrest; facials since the back inclines for aesthetic access; and makeup application.

Composed of high quality and durable white corian for the base and housing and white leather like upholstery for the seat is the standard option. Other colours can be customized upon request.

Fully adjustable components include the seat, backrest incline, legrest height and length with the easily programmable memory positions. The 5 actuators move into desired positions in sync and the seat swivels right/left for easy client access.

1: manually adjustable headrest by approx. 25° forwards.

2: electronically adjustable backrest from approx. 26° to 75° backwards

3: electronically adjustable seat in height from approx. 63 cm to approx. 93 cm

4: seat electronically movable backwards and forwards by approx. 17 cm

5: seat electronically tiltable backwards by 14°.

6: height of the footrest electronically adjustable by 20 cm

7: seat can be swivelled 90° to both sides

8: manicure bowl can be optionally fixed at both armrests

9: tray can be easily installed by plugin function on both armrests

10: length of the base: approx. 150 cm

11: width: approx. 80 cm

12: height: approx. 43 cm

Gharieni PediSpa Compact

A dual part base, the Compact seat moves laterally and the Corian base is affixed to the floor. Seat is white leather like upholstered and can be colour customized. When forward, the seat will encase the foot basin, as shown. Backrest and footrest are fully height adjustable and movable. Headrest is detachable or can be inclined. Armrest tray also available Foot basin is equipped with expendable hand shower and integrated water outlets.

length of base (retracted): 80 cm approx.
 // length of base (pulled out): 150 cm approx.
 // total width inclusive armrests: 86 cm approx.
 // width of base: 80 cm approx.

Gharieni PediSpa Curve Basic

base partially manufactured of high quality Corian® // compact design // height adjustable footrest // adjustable backrest // adjustable and removable headrest // foldable and removable armrests // seat cushion made of leather like upholstery, also available in different colours // with hand shower

length of base: approx. 120 cm // width incl. armrests: approx. 80 cm // width of base: approx. 70 cm.

Gharieni PediSpa Curve Comfort

base partially manufactured of high quality Corian® // compact design // height adjustable footrest // adjustable backrest // adjustable and removable headrest // foldable and removable armrests // seat cushion made of artificial leather, also available in different colours // with hand shower // foot massage pipeless // automatic filling // optional available: seat heating, sound system, Dynamic FlowSystem, multimedia connections

length of base: approx. 120 cm // width incl. armrests: approx. 80 cm // width of base: approx. 70 cm

Gharieni Libra

Gharieni's new Libra treatment table cements the company's position as the trendsetting company in the Wellness and Spa arena. Cutting edge in design, this creates a new water experience for clients who are in a relaxed supine position on a heated treatment table that is fully adjustable in height. The integrated state of the art technology provides a unique choreography of varying water temperatures and pressure which is programmable in an interactive control panel. Depending on the client's needs, there are preset water choreographies for balancing, stimulating or relaxing effects.

Simple and linear in design, the Libra is made of innovative Corian and is available in a wide range colour palette from Glacier white to vibrant tones such as Aztec Gold or Platinum. Whichever colour you select, it is sure to emphasize the truly exclusive and exceptional nature of this vanguard Wellness treatment.

Gharieni Libra Edge K

specialized wet treatment table // with horizontal shower arm // made of Corian® // height adjustable and movable lying surface // cushion support for massages // integrated water drain // options available include; illuminated table surface and/or shower arm, steam, music

steam dome

Gharieni Libra with Horizontal Shower

exclusive wet table // with Horizontal Shower Technology by Dornbracht // made of Corian® // lying surface with height and inclination adjustment // optional cushion for massage // integrated water drain // built-in hand shower

height incl. Arm: approx 195 cm // height lying surface: approx 60 - 90 cm // length: approx 235 cm // width: 90 cm // elevating force: 180 kg // load capacity of the bed surface: 200 kg

Gharieni Libra Wet Table

exclusive wet table // made of Corian® // lying surface with height and inclination adjustment // optional cushion for massage // integrated water drain // built-in hand shower

height lying surface: is approx 60 - 90 cm // length: is approx 235 cm // width: 90 cm // elevating force: 180 kg // load capacity of the bed surface: 200 kg

Gharieni MLX Quartz Square & Round

Gharieni MLX Quartz treatment table made from genuine walnut wood // filled with Alpha Quartz Sand // promotes deep relaxation with the variable heating system that ranges from mild to sustained heat // two lifting columns for height adjustment and inclination // storage compartment and two drawers // options include removable upholstery cushion for on table massage and cushioned face hole

height: approx. 65 - 105 cm // length: 216 cm // width: 86 cm // elevating force: 130 kg // load capacity of the bed surface: 150 kg

Gharieni Sandor

made from real wood // filled with Alpha Quartz sand // infinitely variable heating system // intensive deep relaxation through mild, sustainable heat // optional upholstery cushion for massages // stool

height: 79 - 104 cm // length: 222 cm // width: 90 cm // load capacity of the bed surface: 150 kg

Gharieni RL Quartz

made from real wood // modified design with rounded corners // infinitely variable heating system // intensive deep relaxation through mild, sustainable heat // optionally available with cushioned face hole

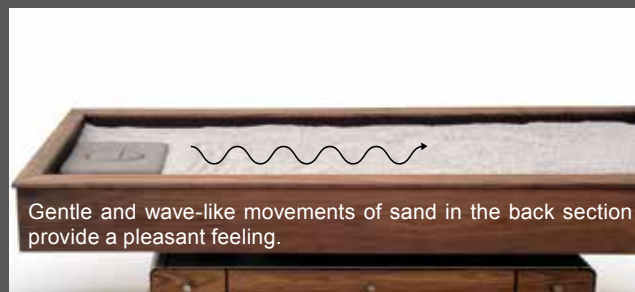

height: 79 - 104 cm // length: 222 cm // width: 90 cm // load capacity of the bed surface: 200 kg

Dynamic Flow System

Gharieni Dynamic Flow System

For specific massages

Gharieni MLX Quartz treatment table is now available with the Dynamic flow system, to enhance and improve massage and body treatment for a truly unique and beneficial experience. Air chambers which are hidden in the spa table are pre programmed to inflate and deflate bringing the warm sand into a pleasant motion so guests can experience soothing back massages, activate lymphatic circulation, relax muscles and stimulate the whole body, even without a therapist present. The heatable sand warms the body while the smoothly moving sand is supporting the therapist's massage from below. A truly unique and original relaxing experience for guest and therapist.

WellMassage4D

The Innovative Treatment Concept

Based on eight special treatment steps, developed by the Gharieni Group and Jean Guy de Gabriac (TIP TOUCH), the WellMassage4D takes full advantage of the complete range of flexibility of Gharieni's high tech signature spa table MLX. The MLX provides singular and proprietary table mobility allowing for numerous treatment options and preset positions that are expertly coordinated with the relevant modalities.

The WellMassage4D combines High Tech & High Touch to engage the customer and enhance treatment efficacy. And for the therapist, it allows for ideal ergonomic conditions.

WellMassage4D truly addresses the typical daily stress zones of clients.

WellMassage4D is available as a 50 min. and 80 min. treatment. Two different versions are available.

"RELAX"
to escape from everyday stress.

"DEEP"
deep tissue massage with an emphasis on the back.

8 Step Treatment

8 preset positions for 8 particular treatment steps

Gharieni MLX

Our best selling multi functional and fully adjustable treatment table, it encompasses all the best table features including removable arm rests, nose slot, incline positions, height adjustments, and large storage area. Spa Equipment: MLW Series

Âme Spa & Wellness Collective at Turnberry Isle // Florida, USA

The Gharieni Spa.Wave treatment experience provides the key benefits of mindfulness, meditation and deep-relaxation. Specially composed music applied through gentle acoustic waves with binaural sounds, works to release stress during either a 30 or 60 minute sound therapy treatment. Based on the Quantum-Harmonic sound therapy, this treatment features precise and complex audio frequencies matched to the organs and energy centers (chakras) of the body. The treatment can be experienced via the Noise-Cancelling Stereo Headphones or integrated speakers in the headrest. The Spa.Wave System promotes intense body and muscle relaxation within a few minutes when used in combination with the highly-efficient oscillation massage system integrated within the lying surface. Refreshing and revitalizing, this treatment is unique in its technology and approach.

Healing harmonious
with body, mind and nature

GHARIENI

Back to the Alpha State

Deep relaxation
including additional benefit

Spa.Wave

The Dynamic Acoustic Stimulation

Sound Massage System, Available Exclusively at Gharieni

Clinical studies carried out by independent researchers and laboratories have proven the effectiveness in a wide range of applications:

- 40-60% less stress, anxiety and trauma after just 1 treatment.
- Improved quality and quantity of sleep by up to 80 % within just 14 days.
- Reduced anger, angst and mood fluctuations.
- Reduced psychological based aspects of pains.

Spa.Wave can also be used as a standalone application or in combination with other treatments such as massages, body wraps and esthetic treatments. Easily integrated into any modality, it is easy and safe to use and will greatly enhance any treatment experience.

A Sparkling Gem - Swarovski Edition

A new and special design means the MLW Amphibia truly sets the luxury bar at the highest level. The high quality finish with glittering Swarovski elements emparts sparkling elegance to your treatment room and spa. Integrated LED strips not only immerse the water cushions in wonderful and alternating coloured light, but also the base of the spa table. The added lighting component greatly enhances the Swarovski elements to add sparkle and luminosity.
